Generally, the words "believe," "expect," "intend," "estimate," "anticipate," "project," "will" and similar expressions identify forward-looking statements, which generally are not historical in nature. We intend for all such forward-looking statements contained herein, the entire contents of our website, and all subsequent written and oral forward-looking statements attributable to us or persons acting on our behalf to be covered by the safe harbor provisions for forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 and the provisions of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934 (which Sections were adopted as part of the Private Securities Litigation Reform Act of 1995). Important assumptions relating to these forward-looking statements include, among others, assumptions regarding

general and regional economic conditions, including those that affect consumer demand and spending, demand for our products, timing of shipment to our wholesale customers, expected pricing levels, raw material costs, the timing and cost of planned capital expenditures, expected outcomes of pending litigation and regulatory actions, competitive conditions and general economic conditions.
